- There are two entrances to the below-ground parking for the Crescent office buildings, one from Maple Avenue and one from Cedar Springs Road. They are marked by white-lettered “Self Park” signs.
- As you come down the ramp you have the option of turning into parking for “Shops and Galleries” or “Office Tower.” Turn into the Office Tower parking. If you entered from Maple, you will turn left into Office Tower parking. If you entered from Cedar Springs, you will turn right.
- Once you turn into Office Tower parking you will go straight ahead to the parking booth for visitor parking. Press the button for a ticket and bring that with you so we can validate it.
- Once you are through the booth, turn right toward the 300 building parking garage elevator, which will take you up to the lobby.
- There are two elevator banks in the 300 building lobby, one for floors one through nine, one for floors ten through eighteen. Press the button for floor thirteen on the touch screen pad next to the second elevator bank. An elevator will be assigned to you.
